

# EXPLANATION

This record can be used either alphabetically or numerically. If you choose to use it alphabetically then enter the names that way. If numerically, the first operation should be to give a number to each space and assign that number to the contributor. In either case you will be able to refer to the name or number readily by using the index. To the right of each name space is a space in which to record the amount pledged and the manner of payment, such as weekly, monthly or quarterly.

Sundays are specified in each month, making dates unnecessary. If the contributor pays monthly or quarterly, one entry each month or each three months, as the case may be, is all that is necessary. If weekly, a space for each week of the month is provided.

Cash Received forms are provided for recording Sunday collections or any moneys received from other sources.

Cash Disbursed forms are provided for recording all moneys spent, the purpose, and to whom paid.

The Individual Ledger account pages are supplied for the purpose of keeping separate accounts such as Pastor, fuel, janitor, light, or any other accounts which are regularly established and a record of expense is kept.

Quarterly and Annual report pages are provided because we feel that the treasurer will want to keep this record the same as that kept by a regularly, well governed business.

We believe that a quarterly statement issued to each member or contributor, showing the standing of his account, will have the same effect as the monthly statement does in business.

The advantages of this Record are:—

- (1) It is simple and compact.
- (2) It keeps a record of each person individually.
- (3) The entire standing of each account can be seen at a glance.
- (4) It provides a complete record for every transaction in the Church's finances.
- (5) At the end of year it can be filed away as a complete record of that year's finances.
- (6) It provides a place for recording special offerings.
- (7) It is printed on eye conditioned paper which is easiest on the eye.
